

Field Mechanic

Field Mechanic Job Description

Field Mechanics work alongside our Shop Mechanics to inspect, service, and maintain our range of heavy-duty construction vehicles and equipment. As a Field Mechanic, you will be responsible for driving to the job site, inspecting engines and equipment, on-site services, conducting repairs, and providing routine maintenance to the construction fleet.

To ensure success as a Field Mechanic, you should have proven experience working with heavy machinery, be physically fit, and be able to troubleshoot issues on the job site. Ultimately, a top-notch Field Mechanic can repair and service even the biggest machinery with expert care and timeliness.

Field Mechanic Responsibilities:

- Lead by example, promote, and portray company values, always look out for your safety and the safety of others, conduct business with integrity, strive for excellence in all aspects of the job, motivated to succeed and improve skills, and hold self and others accountable for actions.
- Perform duties on work sites and in the shop.
- Inspecting trucks, cranes, bulldozers, and other heavy equipment for proper performance.
- Adjusting equipment and repairing damaged equipment parts.
- Cleaning, lubricating, and conducting routine services on heavy-duty vehicles and equipment.
- Cleaning and servicing of machine attachments like winches, blades, and side booms.
- Performing major repair work when necessary.
- Consulting with other mechanics on smaller jobs.
- Reporting damaged or faulty equipment to Shop Manager.
- Responsible for observing and complying with all safety and project rules.
- Understand the value of teamwork and communication with others necessary to operate efficiently.

Field Mechanic Experience/Education Requirements:

- High school diploma or GED.
- Clean MVR.
- Certification as a Diesel Mechanic or Heavy Equipment Mechanic preferred but not required.
- Proven work experience as a Diesel or Heavy Equipment Mechanic.
- Understanding of computer testing technologies desired.
- Extensive knowledge of diesel engines and construction equipment.
- Good communication skills.
- Physical requirements:
 - Manually lift/carry 50-100 lbs.
 - Stand, walk, stoop, kneel, crouch, and crawl for long periods of time.
- Ability to perform all required tasks during all weather conditions (hot/cold), and to work extended hours, as needed.
